OMEGA FEEDS

Simple ingredients - brilliant results.

The suggested feeding guide for No-Grain Gold

1. Feed as a supplement by adding 2kg per day to the ration.
2. Feed as a supplement to replace part of the grain in the ration eg: replace 1kg grain with 1kg No-Grain Gold.
3. Alternatively feed up to 50% of your ration as No-Grain Gold, the other 50% of your ration being good quality hay/chaff or grazing. Always provide ample clean water.

Omega No-Grain Gold is a safe palatable and nutritious feed supplement for horses in light to medium work, spelling horses, ponies and young horses (weanlings and yearlings). Omega No-Grain Gold is the ideal supplement for horses that cannot handle grain diets or horses that do not require a high grain diet. Omega No-Grain Gold is a blend of oil seed products and molasses, providing a very good source of protein, carbohydrates, fibre and omega oils. Omega No-Grain Gold is a very palatable and safe feed - reducing the problems of acidosis, founder or your horse getting "fired up" as with high grain diet. It will keep your horse looking great, healthy and relaxed. As the name says, this feed product does not contain any cereal grain.

Ingredients: Sunflower shell, Sunflower kernel, molasses, trace elements.

Storage: Store in a cool, dry shaded place, and preferably in a sealed container.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL • AVAILABLE IN 20KG BAGS
